Guiding your child to be independent

Encouraging our young ones to learn and complete some tasks by themselves can help them be responsible, independent and confident over time.

Start by guiding them through simple tasks.

- Getting dressed for school.
- Changing into PE attire for PE lessons.
- Packing and organising their school bag.

©Ministry of Education, Singapore

Guiding your child to be independent

Give them time to learn how to do these tasks independently.

- Using the toilet and cleaning up after themselves.
- Practising good personal hygiene (e.g. washing and sanitising of hands, brushing of teeth, putting on and safekeeping of masks).

© Ministry of Education, Singapore

Guiding your child to be independent

- Ordering food at the canteen, managing their money and making healthy food choices.
- Asking for help. This could be from teachers, friends, school staff or any adult in school. Let them know it is okay to seek help when needed and guide them on how to do it.

Help your child make healthy food choices with this Fun With Food Activity Book.

Help your child succeed in life

Our children do best when schools and parents work hand in hand to support them. Here are some tips to make this happen...

Work with the school to know and support your child

- Have regular conversations with teachers in both academic and non-academic areas - this will help you better guide your child's development.
- Check the teachers' preferred mode of communication - they are not required to share their mobile numbers.
- Understand that teachers may not be able to respond to your queries immediately.

Help your child relate to others

- Work with the teachers to help your child respect differences and resolve disagreements amicably.
- Let the school verify the facts in any incident before taking action to ensure a fair, objective outcome for all parties.

Help your child develop good habits

- Create a conducive home environment for your child to enjoy reading and to finish his/her homework by himself/herself.
- Encourage your child to live a healthy, balanced life with time for sleep and play.

Help your child manage himself/herself

- Guide your child in managing his/her time.
- Encourage your child to help out with household chores.

Our children succeed when parents and schools work hand in hand.
