Welcome Message for our 2023 Primary 1 parents

Dear Parents/Guardians,

Greetings from Fuhua Primary School!

We are delighted to welcome your child/ward into our Fuhua family and journey with them for the next 6 years.

Please note that Parents' Gateway (PG) will be the main platform for communication between parents/guardians and the school. Do check PG regularly for updates from us.

In our next update, we will provide you with more information on finance and administrative matters that you need to take note of. We will also share more details on the Primary 1 Orientation programme.

Meanwhile, I would like to invite you to visit our school website, school Facebook and school Instagram to know more about the school and the learning experiences your child/ward will go through with us.

We are looking forward to partnering you in supporting your child/ward's transition to Primary 1.

Thank you.

Partnering you,

Mr Ganesan s/o Raman
Principal
